

Šnjofkalo Mobile App - Screen Descriptions

Authentication Screens

1. Login Screen

Purpose: Allows existing users to authenticate and access their accounts.

Key Components:

- Logo/branding element
- Email input field
- Password input field
- Login button
- Link to registration screen
- Optional "Forgot Password" functionality

User Interactions:

- Enter credentials
- Submit login form
- Navigate to registration
- Request password reset

2. Registration Screen

Purpose: Enables new users to create an account in the application.

Key Components:

- Full name input field
- Email input field
- Password input field
- Confirm password input field
- Terms & Privacy Policy checkbox
- Registration button
- Back button to login screen

User Interactions:

- Enter personal information
- Create secure password
- Accept terms and conditions

- Submit registration form
- Return to login screen

Main Navigation Screens

3. Home Screen

Purpose: Serves as the main entry point of the app, showcasing featured products and providing access to all major sections.

Key Components:

- Header with app name/logo
- Search bar
- Category shortcuts/icons
- Featured products section
- Bottom navigation bar (Home, Categories, Cart)

User Interactions:

- Browse featured products
- Search for specific items
- Navigate to product categories
- Select products to view details
- Access shopping cart
- Navigate to other main screens

4. Categories Screen

Purpose: Displays all product categories for browsing the store inventory.

Key Components:

- List/grid of all product categories
- Category images/icons
- Category names
- Back button/navigation
- Bottom navigation bar

User Interactions:

- Browse all categories
- Select a category to view its products

- Return to previous screen
- Navigate to other main sections

5. Category Products Screen

Purpose: Shows all products within a selected category.

Key Components:

- Category name in header
- Filter and sort options
- Product listings with images
- Product names and prices
- "Add to Cart" functionality
- Back button
- Bottom navigation bar

User Interactions:

- Browse products within category
- Filter/sort products
- Add products directly to cart
- Select products to view details
- Return to categories
- Navigate to other main sections

6. Search Results Screen

Purpose: Displays products matching the user's search query.

Key Components:

- Search query display
- Filter and sort options
- Matching product listings
- Product information (name, price)
- "Add to Cart" functionality
- Back button
- Bottom navigation bar

User Interactions:

- View search results

- Filter/sort results
- Add products directly to cart
- Select products to view details
- Modify search query
- Return to previous screen

Product Screens

7. Product Detail Screen

Purpose: Provides comprehensive information about a selected product.

Key Components:

- Product images/gallery
- Product name
- Price
- Rating/reviews
- Product description
- "Add to Cart" button
- Favorite/wishlist button
- Back button

User Interactions:

- View detailed product information
- Read product description
- Add product to cart
- Add to favorites/wishlist
- Return to previous screen

Shopping Screens

8. Shopping Cart Screen

Purpose: Shows all items added to the cart and allows users to manage them before checkout.

Key Components:

- List of cart items
- Product images, names, and prices
- Quantity adjusters
- Remove item functionality

- Subtotal calculation
- Shipping cost (if applicable)
- Total cost
- "Checkout" button
- Bottom navigation bar

User Interactions:

- Review cart items
- Adjust item quantities
- Remove items from cart
- View cost breakdown
- Proceed to checkout
- Continue shopping

9. Checkout - Shipping Address Screen

Purpose: Allows users to enter or select shipping information.

Key Components:

- Address form fields (or saved addresses)
- Edit functionality for saved addresses
- Continue to payment button
- Back to cart button

User Interactions:

- Enter shipping details
- Select from saved addresses
- Edit existing addresses
- Proceed to payment
- Return to cart

10. Checkout - Payment Method Screen

Purpose: Enables users to select or enter payment information.

Key Components:

- Payment method options
- Credit card form (if applicable)
- Saved payment methods

- Edit functionality for payment methods
- Continue to review button
- Back to shipping button

User Interactions:

- Select payment method
- Enter payment details
- Edit saved payment methods
- Proceed to order review
- Return to shipping screen

11. Order Review Screen

Purpose: Provides a final overview of the order before confirmation.

Key Components:

- Order summary
- Items list
- Shipping address summary
- Payment method summary
- Total cost breakdown
- "Place Order" button
- Back to payment button

User Interactions:

- Review complete order
- Edit shipping or payment (by navigating back)
- Confirm and place order
- Return to previous screens

12. Order Confirmation Screen

Purpose: Confirms successful order placement and provides order details.

Key Components:

- Success message
- Order number/reference
- Order summary
- Estimated delivery information

- "Continue Shopping" button
- "Track Order" button

User Interactions:

- View order confirmation
- Continue shopping
- Track order status
- Share order information

User Profile Screens

13. Profile Screen

Purpose: Provides access to user account information and settings.

Key Components:

- User information (name, email, etc.)
- Profile picture (optional)
- Account settings section
- Order history link
- Addresses section
- Payment methods section
- Logout button
- Back button

User Interactions:

- View account information
- Edit profile details
- Access order history
- Manage saved addresses
- Manage payment methods
- Log out
- Return to previous screen

14. Order History Screen

Purpose: Displays a list of the user's past orders.

Key Components:

- List of orders with basic information
- Order dates and statuses
- Order numbers
- Total amounts
- Back to profile button

User Interactions:

- Browse past orders
- Select an order to view details
- Filter/sort orders (optional)
- Return to profile

15. Order Details Screen

Purpose: Shows detailed information about a specific past order.

Key Components:

- Order number and date
- Order status
- Items purchased (with images)
- Pricing information
- Shipping address used
- Payment method used
- "Track Order" button
- Back to order history button

User Interactions:

- View complete order details
- Track order shipment
- Reorder items (optional)
- Return to order history

16. Order Tracking Screen

Purpose: Provides real-time tracking information for an order in transit.

Key Components:

- Order number and shipping carrier
- Current status

- Tracking timeline
- Estimated delivery date
- Map view (optional)
- Back to order details button

User Interactions:

- View shipping status
- Check delivery timeline
- Access carrier tracking (optional)
- Return to order details
